

THE UPTON AMBUSH!

School turns Military!

On Friday the Upton-Upon-Severn team went to forest school - at Clives fruit farm - to celebrate the end of Sats; they did not realise what awaited them.

It was said by many children that they had loads of gun and would do it again.

Friday 12th of May was the day a class of twenty-two went to forest school at Clives-fruit farm, all was peaceful. But they did not realise what was going to happen next.. Suddenly, Grace Winshaw's dad (who is in the army) arrived with lots of boxes in each of his hands the class all had ideas of what was in them but none of them were right. The class opened the boxes and found food and powder drinks inside.

James Lane (Reporter) they then got an exclusive interview with the children talking him about their favourite drinks and foods "I loved the hot chocolate and the moroccan food!" said Spencer Phelps "I was a big fan of the raspberry drink but

I was not so sure about any of the good!" Lucy have told us. The majority of the children loved the good and would have it again but not every day.

A Dramatic Jurassic Discovery!

A year six boy found something odd on the day him and his class mates went to forest school.

End by Lot's of children could not believe their eyes when the boy was running around shouting and laughing telling people about what he had just discovered! Before long every one knew about the big discovery.

Freddie Gordon (a boy from Upton-Upon-Severn) found something very odd in the ground. "All I was doing was looking for golf balls and wood for my den but then I saw something green in the ground, when I looked closer I realised it was a tail so with out thinking I pulled it out of the ground and it was a toy dinosaur!!" said Freddie in our interview.
