FOREST Friday

£1.20

Forest Findings And Fun

On Friday 12th May, twenty-two children in year 6 from Upton Primary School went to a forest to have lots of fun: den building, finding treasure, and having an enjoyable time. Ellie (a year 6 pupil) said that Georgia May had a poo bag from her dog in her pocket which she used to parachute off a small bank. Whilst Freddie Gordon was in search of golf balls with his friend Harvey

Clements he spotted something in the corner of his eye. Freddie claimed that it looked interesting with its green and yellow colouring, so he pulled it out of the ground and it was a toy dinosaur. It might not have been a golf ball but it was certainly something unusual to find in a forest. But unfortunately Freddie left the dinosaur at forest school or did he set it free into the wild.

Muddy Puddles And Puddles

Many year 6 children he couldn't dry found a muddy puddle himself as there were not enough which they used to put paper towels. So callum on their faces. They all spent the rest of make a different sort of design on their faces. his day wet and some people in year 6 said that it made your very dirty. Some of skin soft. the children who

Callum Smith walked passed another year 6 pupil Callum whilst he was doing this had a big stick that was much taller than him. He was using the large stick to splash in puddles. Callum got soaking wet but also got a bit wet.

Army Rations

Gravis Windows dad -who is in the army bought a few boxes of rations for us to try. Lots of yummy food was eaten by lots of hungry children. "The hot sauce spread was my favourite", said Jessica Tomkinson from year 6. Most of the

rations had gone so the children must have enjoyed them or they were all very hungry. The army ration packs were vacuum packed so the food didn't go mouldy. Also the boxes have little targets on them for practise shooting accurately
