

## Spring Term Session2 17/1/18

### Pre-school Forest School

Today we started our session by sharing the story of 'We are going on a bear hunt'. The children then made maps and binoculars to find a bear. Some children had a go with some real binoculars to see what they were like. It has been a really windy day today so some children enjoyed making kites using carrier bags and string. They loved watching them fly about in the wind.
