

Nursery Forest School Session 1 25.9.19

Today we thought about the story of the Three Billy Goats Gruff. Some children thought about ways in which the goats could escape the troll. We had lots of fun exploring bridges and testing out our balance to cross them. We worked as a team at pulling a large log around Forest School. It was great fun and we learnt a lot about having to all pull in the same direction. We even explored making our own trip trap noises to cross the bridges.
