Upton-upon-Severn C.of.E Primary School and Pre-School
Online Learning Protocol for Summer 2020 (April 17th 2020)

During these unprecedented times, we want to create a learning platform that can continue the children's learning as much as possible from their own homes whilst being sensitive to the current climate.

Throughout all of this we realise children will have limited resources, space and there will be other personal circumstances happening that teachers are unable to consider/control. Our activities will try to promote a love of learning during these unprecedented times. All parties also need to consider how much screen time our children are having and try to include work which will be 'tech-free'.

We understand families will have their own commitments and circumstances but we hope the vast majority of our children will be able to keep to the timetable as closely as possible.

Protocol:
- Parents with queries can expect relatively efficient responses to email addresses between 9:00am & 12:00pm from Monday to Friday to answer any queries using the class based email addresses (year4@upto….)

Early Years (including Pre-School, Nursery and Reception) Provision:
- 'Topic webs' and activities will be provided for parents via Tapestry.
  - Tapestry will be the main platform for teachers to post and for families to return pictures of children's work on.
  - The expectation will be made clear via communication through the Tapestry platform.

Y1 – Y6 Provision:
- SeeSaw will be the main platform for teachers to post and for children to submit work on.
- The work can all be scheduled within SeeSaw (so they go live on the students accounts at a specific date and time) teachers will plan for this and then use their time during 'the school day' to provide feedback to work as efficiently as possible.
- 3 activities to be shared each day as per timetable below. (1 English; 1 Maths; 1 other task that families can interpret to their own levels of depth based on one of the humanities or sciences).

Alongside this, subject leaders are working on a document called 'Further Learning Opportunities' which will help with more ideas to meet other curriculum areas (for all our ages groups) that don't appear on our timetable, which families can access at their own discretion.

Y1 - Y6 Timetable:

Scheduled Time on SeeSaw	Mon	Tues	Weds	Thurs	Fri
09:00	English Based - Spelling & Reading	English Based - Reading	English Based -Writing Plan	English Based - Writing Draft	English Based - Writing Final
10:30	Maths Based	Maths Based	Maths Based	Maths Based	Maths Based
12:00	School Based Project (Rotation of humanities / sciences)	School Based Project (Rotation of humanities / sciences)	School Based Project (Rotation of humanities / sciences)	"Mystery Guest"	"Outdoor Learning" Task

A potential class example:
