## **Current situation - last updated 5.15pm, 18th March 2020**

The Government has today announced that all schools will be closed from the end of the day on Friday.

It was then stipulated this would be with the exception of a number of high priority children who would still be able to access school provision.

As the Head I need to look at forward planning for the next two weeks until we reach the Easter holiday.

At the top of this letter is a new email address that I have set up today specifically to manage all the enquiries regarding this Covid-19 pandemic.

I would ask you to email me on this address if you feel your child/children come into this category.

We will have further details on this as they are released later this evening but I wanted to send this to you to ensure you know we are planning ahead.

Thank you again for all the support you are giving us as a school.
