

## Nursery Forest School

### Session 3 - Week beginning 14<sup>th</sup> September

Today we continued the theme of animals by sharing the story of 'Dear Zoo'. The children looked at a map of Paignton Zoo. The children made their own enclosures for the animals and made food for them, thinking about how much food each animal would need. Some children continued their search for ladybirds. We found ladybird larvae, pupa casing and different coloured ladybirds on the leaves in the tree.
