

## Nursery Forest School Session 9 Week beginning 5<sup>th</sup> October

Today we read Supertato - Veggies and the valley of doom to continue the helping hero theme from class. The children loved playing hide and seek with the vegetables! The children rescued the vegetables from the frozen ice by bashing them free with sticks, and scooped up the peas using spoons, and other utensils. Some children even had a go at mashing the evil peas. Some children carried on testing their strength by pulling logs with rope, just like Evil Pea did in the story. Other children had a go at creating treasure maps to show the valley of doom!
