

## Nursery Forest School

### Session 3 Autumn 2 Week beginning 9<sup>th</sup> November

Today we thought about Remembrance. Before we came out to Forest School we had a look at some real medals and used this as inspiration to make our own Forest School medals. Some children used a hand drill with care for the very first time. They then decorated their medal. Other children had a go at weaving some poppies onto the fence, while others had a go weaving wool around sticks to create a poppy. Some children used the camouflage net to hide themselves.
