

Reception Forest School

Session 2 Autumn 2 Week beginning 9th November

Today we thought about Diwali and some children had a go at creating their own Rangoli patterns using flour in the tuff tray and on logs and Mehndi patterns using mud on their hands. Other children enjoyed continuing their learning about soldiers and Remembrance. Children had a go at digging trenches and creating poppies by weaving wool around sticks. Yesterday in class we had a look at some real medals and used this as our inspiration to create our own. The children used the hand drill safely and then decorated their medals.
