

Nursery Forest School

Session 8 Autumn 2 Week beginning 23rd November

Today was a very cold and frosty morning. The children spotted some frosty spider's webs. We shared the story of The Squirrels that Squabbled. We talked about sharing and working together. We challenged the children to think of ways in which they could reach and collect the last pine cone in the season just like the squirrels in the story. The children came up with some great ideas and tested them out. Some children explored being inside boxes and worked together to get in and out and also challenged themselves to see how many children could fit in the box in one go. As it was so cold we made warm squash to warm ourselves up with. We all thought it tasted yummy.
